

Dear NTM leadership there in the Netherlands,

On behalf of the 'Escola Interncional Puraquequara' we want to thank you very much for your gift of € 2.568,- to upgrade Safety at our property here. With this we have installed a number of sensor controlled lights. We also provided most windows of our houses with grills and all families

are provided with alarms. It was a very welcome gift and a much needed improvement.

Jeremy Ketcham
